Shoes**"Starting the New Year Right"**

MEN'S SHOES for service!
And that means shoe satis-
faction. For every dollar a man
spends on street, shop or office
footwear, he expects and de-
mands a dollar's worth.

The questions of style and com-
fort also arise. One wants the
combination of these with ser-
vice, to get entire satisfaction.
We are selling models that meet
the specifications abundantly.

See model No. 4115 Regal "Ar-
lington" Russia Calf Lace, \$6.50.

**WATER SWEEPS
CHINESE TO SEA**

Water which swept down upon the
little town of Yaihuia, Kauai, on De-
cember 18 and 19 washed away a Chi-
nese merchant and his little store
and carried them out to sea, accord-
ing to meager details reaching here
in a letter from W. V. Hardy, terri-
torial hydrographic official of that
district.

No rain in years on Kauai has pour-
ed so as did that one, according to
the letter, which has been received by
Hydrographer George K. Larrison, the
fall in the 24 hours measuring on the
government gage in excess of 25
inches.

Plantation ditches over many por-
tions of the island were badly dam-
aged, the Kekaha power plant was out
of commission for a time, and the Wa-
imea waterworks were useless for a
day. In the Hanalei river the govern-
ment registering instrument was
swept down by the water and has not
yet been recovered.

**KOEPEL BARON
ON HIGH SEAS**

G. N. Koepfel, general agent of the
Great Northern Pacific S. S. Company
for southern California with head-
quarters at Los Angeles, was in Hono-
lulu for the first time last week and
he liked the country, but he is not a
baron. Koepfel kept well to himself
coming over on the Great Northern,
enjoying the company of Mrs. Koepfel
and their daughter, who accom-
panied him, and some of the jolly-
makers aboard conceived the idea of
intimating he was a German baron
with secret orders from the imperial
government.

"I had just as much fun out of it
as they did," laughed the genial trans-
portation man when asked about his
title, "but I told them it was all 'high
sea' stuff and that they would have
to forget it when I got to Honolulu. I
am glad to say they have."

Koepfel said it was no josh about
the Great Northern being filled for
every contemplated trip here during
the tourist season, not only in passen-
gers but also in freight. He has been
with the steamship company since its
organization. Before then he was
connected with the White Star line.

**HONOLULU BOWLERS TO
MEET OAKLAND TEAM**THIS WEEK'S BOWLING SCHED-
ULE

Tonight—Honolulu vs. Oakland.

Tomorrow—Clericals vs. Sugar Fac-
tors.Thursday—Pineapple Factors vs. Fi-
nanciers.

Friday—Federals vs. Printers.

Honolulu will meet Oakland in the
Pacific Y. M. C. A. Bowling League
tonight on the "Y" alleys at 7:30.
News from the mainland received by
yesterday's mail shows that Honolulu
won four straight from Vallejo and is
in second place.

Port McDowell leads the league,
with Honolulu one game ahead of San
Jose. Honolulu has won 20 and lost
4, a splendid showing. San Jose lost
three to Port McDowell, one to Sacra-
mento and one to Honolulu, leaving
them with 19 won and 5 lost.

Tomorrow evening the Commercial
League will resume action with a
match between the Clericals and
Sugar Factors. These two teams are
in striking position to challenge the
Territorials for the championship and
both meet the league leaders during
the last two weeks of the round.

On Thursday the Pineapple Factors
and Financiers hook up for a match.
Capt. Canario's rejuvenated Federals
will be the attraction on Friday with
the Printers, who are preparing to
stage a big come-back.

Lineups for tonight's Honolulu
teams against Oakland:

First Team—Wikander, Canario,

Tinker, L. Scott, Chamberlin.

Second Team—Mills, Winne, R. E.

Scott, Hall, Soares.

Football claimed 15 lives during the
1916 season.

**Brightens
One Up**

There is something
about Grape-Nuts that
brightens one up, infant
or adult, both physically
and mentally.

What is it?

Just its delightful flavor
and the nutriment of whole
wheat and barley, includ-
ing their wonderful body
and nerve building min-
eral elements!

A crisp, ready-to-eat
food, with a mild sweet-
ness all its own; distinct-
ive, delicious, satisfying.

**Grape-Nuts
"There's a Reason"****FORBES TO STAY
BUT FIVE WEEKS**

Rumors that Charles R. Forbes
might not return to Hawaii from his
mainland trip until after the legisla-
ture has been in session long enough
to determine whether or not any
heavy criticism is to be leveled at
his administration of the public works
department, were allayed temporarily
today by a statement by the superin-
tendent just before he sailed, to the
effect that he will be here again in
five weeks.

Wild stories have developed in the
few days since the superintendent an-
nounced that he was to take a trip to
the mainland, one of these being to
the effect that he did not want to face
the legislators; another that he might
be going to Washington in quest of
the governor's job.

Forbes declared today that his trip
to the mainland is nothing more or
less than a trip to the hospital as he
desires to undergo an operation for
the cure of appendicitis from which
he has suffered several months. He
intimated that he might go to Boston
following the operation, if this is had
in a San Francisco hospital, or that
possibly the operation would be in
Boston where he has relatives who are
surgeons.

**AUCTION SALE
OF PAINTINGS**

A great auction sale of oil paintings
by the well known artist, Mr. W. A.
Coulter, will take place on Thursday,
at noon, Dec. 28, in the gallery, in the
Kerr building, 1061 Alakea street.
Paintings on view daily until hour of
sale from 9:30 a. m. to 5 p. m. Also
on Wednesday evening at 7 o'clock.
James F. Morgan Co., Ltd., auctioneers.
—Adv.

**FIVE-YEAR-OLD CHILD
EXAMINED BY DR. AYER
FOR UNBALANCED MIND**

Dr. R. G. Ayer, police surgeon, was
called upon Saturday to pronounce
judgment on the sanity of a teeny,
five-year-old girl who had been taken
by the Salvation Army girls' home au-
thorities in Manoa valley to the Kau-
ila children's hospital. The phy-
sician investigated and promptly de-
clared the tot was sane so far as he
could tell. Dr. George F. Straub de-
clared provisions for care of the child
would be made at the hospital, tem-
porarily at least.

"When we went in to look at the
little girl she seemed as rational as
possible," says Dr. Ayer, "and when
Dr. Straub spoke to her and asked
her for an apple she was playing with
she brought it to him at once. I
don't think she is any more insane
than lots of normal grown people I
am called upon to examine, but of
course time will tell more under the
surveillance of the hospital nurses and
Miss Janet Dewar, the superintendent."

The doctor says the Salvation Army
people complained chiefly of the
child's unnatural viciousness. Ac-
cording to him few children of that
age are ever insane.

**MUCH APPENDICITIS
IN HONOLULU**

There are many cases of appendic-
itis in Honolulu hospitals. Much of
this can be prevented with simple
buckthorn bark, glycerine, etc., as
mixed in Adler-I-ka. This simple rem-
edy acts on BOTH lower and upper
bowel, removing such surprising foul
matter that ONE SPOONFUL relieves
almost ANY CASE constipation, sour
stomach or gas. A short treatment
helps chronic stomach trouble. Adler-
I-ka has easiest and most thorough ac-
tion of anything we ever sold. The
Hollister Drug Company.—Adv.

**TELLS OF SPELL OF
HAWAII AND PHILIPPINES**

"The Spell of the Hawaiian Islands
and the Philippines" is the title of a
book written by Mrs. Isabel Anderson
and published by the Page Company
of Boston. This is Mrs. Anderson's
third book of "Spell" stories. After an
interval of a quarter of a century she
follows in the footsteps of her father,
who was a naval officer and visited
Hawaii and the Philippines long be-
fore the possibility of annexation of
these islands was considered. The
data he then gathered has proved in-
teresting material for his daughter.

Mrs. Anderson sketches the history
of Hawaii from the coming of the
white man, through the reign of the
Kamehamehas and to American pro-
tection and describes the more strik-
ing scenic effects.

**MAGAZINES ANNOUNCE
AN ADVANCE IN PRICE**

That the next few months will see
a large number of magazines go up in
price, is the opinion of many of the
magazine dealers in Honolulu. Al-
ready the Metropolitan has announced
that the March issue will be 20 cents
and McClure's February issue will be
15 cents. This also means that the
yearly subscription price is to be in-
creased. The reason for the advance
in price is the shortage of paper.

Imports to the Port of New York of
general merchandise for the week end-
ing November 24 were valued at
\$2,959,694.

**CHILDREN HATE
PILLS, CALOMEL
AND CASTOR OIL**

If Cross, Feverish, Constipated,
Give "California Syrup
of Figs"

Look back at your childhood days.
Remember the "dose" mother insisted
on—castor oil, calomel, cathartics.
How you hated them, how you fought
against taking them.

With our children it's different.
Mothers who cling to the old form of
physic simply don't realize what they
do. The children's revolt is well
founded. Their tender little "insides"
are injured by them.

If your child's stomach, liver and
bowels need cleansing, give only deli-
cious "California Syrup of Figs." Its
action is positive, but gentle. Millions
of mothers keep this harmless "fruit
laxative" handy; they know children
love to take it; that it never fails to
clean the liver and bowels and
sweeten the stomach, and that a tea-
spoonful given today saves a sick
child tomorrow.

Ask your druggist for a 50-cent bot-
tle of "California Syrup of Figs,"
which has full directions for babies,
children of all ages and for grown-ups
plainly on each bottle. Beware of
counterfeits sold here. See that it is
made by "California Fig Syrup Com-
pany." Refuse any other kind with
contempt.—Adv.

Articles of incorporation were filed

MARMON 34**A Scientifically Constructed
Light Weight Car**

We desire to call the attention of the automobile
public to the arrival on the Manoa of our first ship-
ment of the famous Marmon 34---the Aluminum Car.

These cars have created a sensation throughout the
mainland, and are striking examples of the extensive
use of aluminum in scientific automobile construction.

We invite everybody interested in automobiling to
come in and inspect these cars, and become acquainted
with the many wonderful constructive features.
